- Member of Minnesota Fire Chiefs Assoc.

Dear Friends,

I'm running for State Representative because I believe our small town and rural way of life is worth protecting. The decisions we make today will affect our families for generations to come. Creating solutions to the problems facing our state will provide our children with opportunities to grow and prosper here in Morrison and Crow Wing Counties.

My platform is simple: Simplify government; Simplify our tax system; Simplify job creation; and Simplify the role of government. I will listen to you, learn from you, spend your tax dollars responsibly and carry with me the traditional values and common sense that make central Minnesota strong. I respectfully ask for your vote.

Mike
